Hazard/ Activity	Persons at Risk	Risk	Control measures in use	Residual risk rating H / M / L	Further Action Required	
					YES	NO
Use of non-hazardous anti-bacterial gel sanitiser	Staff, Pupils,	Accidental Consumption	<ul style="list-style-type: none"> • Care must be taken when using anti-bacterial gel • Always read the label and any specific instructions. • Ensure Pupils who use non-hazardous chemicals use them correctly and safely • If Pupils have been provided with the gel from Parents they must be informed to use it sensibly in the school setting. 	LOW		✓
Use of alcohol based anti-bacterial gel sanitiser	Staff Pupils	Accidental Consumption	<ul style="list-style-type: none"> • Use of alcohol based sanitiser must only be used by staff where possible. • If Pupils are using alcohol based gel you must ensure they use it correctly and there are no religious beliefs which prevent them from using or medical problems such as sensitive skin conditions. • If the school has purchased the sanitisers they should have a safety data sheet and a risk assessment for the product. • If Pupils have been provided with the gel from Parents they must be informed to use it sensibly in the school setting. However you will not have to supply a safety data sheet as these have not been obtained direct from the school. 	MED		✓
